

## CONSIDER RELATIONS NEARER BREAKING POINT THAN EVER

### WILSON'S REQUEST FOR RECALL OF AMBASSADOR DUMBA BROADENS

**Situation Involves Military Attache of German Embassy, Austrian Consul-General in New York and Possibly Count Von Bernstorff—Explanation of Sinking of Arabic Unsatisfactory.**

WASHINGTON, Sept. 10.—President Wilson's request for the recall of the Austrian ambassador, Dr. Constantin Theodor Dumba, has broadened into a situation involving Captain Franz von Papen, the military attache of the German embassy; Alexander Nuber von Percked, the Austrian consul-general in New York, and possibly Count Von Bernstorff, the German ambassador. The official view is that the ambassador although involved technically, is not so seriously considered as the military attache or the consul-general. It is not unlikely that both of the latter may be recalled or dismissed from the country.

**Relations Nearer Breaking Point.**  
Coupled with Germany's disappointing and unsatisfactory explanation of the sinking of the White Star liner Arabic after Count von Bernstorff had given assurances that full satisfaction would be given if it was established that a German submarine sunk the ship, official Washington considers the friendly relations with the Germanic powers nearer the breaking point than ever before.

Hopes that the submarine crisis had been passed safely and that a break between Germany and the United States had been avoided were displaced today by misgivings. Talk of the possibility of breaking diplomatic relations was heard again, although this time it involved both the central powers, on the theory that Austria, after having her ambassador practically dismissed from the country, might stand with her ally in relations with the United States.

**Second Note on Way?**  
Unofficial reports that a second note had been started from the Berlin foreign office for Washington furnished about the only basis of optimism in official quarters so far as the submarine controversy was considered.

There was no official intimation that another communication was on the way but the American reply to the note on the Arabic will be delayed until officials can learn whether to expect anything additional from Berlin. It may be stated, however, that if nothing comes in the nature of a modification of Germany's explanation an American note will reach Berlin probably early next week which will set forth the views of the United States in a brief and unmistakable manner.

Germany's declaration that while she regrets the loss of Americans she recognizes no liability for indemnity, even if the submarine commander was mistaken in believing the Arabic was about to attack him, is regarded in official circles as leaving the whole submarine question practically where it was left by the Berlin government's unresponsive attitude toward the Lusitania negotiation and in remarkable contradiction of the favorable view which state department officials had been led to take by the statements of the German ambassador.

**Disappointment is Undisputed.**  
The president spent most of today going over the German note. No official comment was made at the white house or the state department, but the disappointment of officials was undisputed. The latest turn in the submarine controversy almost overshadowed the Dumba case.

Captain Von Papen is involved in the Dumba case because he forwarded by James F. J. Archibald, the American passport, a personal letter in which he made offensive statements about American officials. Ambassador Dumba's letter to the Vienna foreign office, found on Archibald, mentioned Von Papen as having approved what the state department in its note to the Austro-Hungarian government characterized as a conspiracy to cripple the legitimate industries of the United States. Consul General Nuber is drawn into the case because the Dumba letter disclosed that he was connected with this strike plan.

High officials indicated today that the government would take steps of some kind against the editor of a Hungarian newspaper in this country from whom a memorandum was enclosed in the Dumba letter outlining carefully prepared plans for putting into effect the scheme for handicapping munitions plants.

**Bernstorff Involved Technically.**  
Count Von Bernstorff is involved technically because Archibald car-

ried a letter for him, but as it was a copy of a statement previously made by the ambassador to Secretary Lansing, wholly of an innocuous character, officials do not regard the American ambassador's status in the affair as approaching that of his military attache or the Austrian consul-general.

It is probable that until the Vienna foreign office replies to the request for the withdrawal of Dr. Dumba, nothing further will be done in his case nor in the cases of Von Papen and Nuber. If the receipt of documentary evidence bears out the information now in the hands of the state department, officials would not be surprised to see both men withdrawn by their home government or, as a final resort, dismissed from the country.

**Would Not Alter Situation.**  
The fact that Von Papen's letter was a personal one would not alter the situation. It was pointed out today that Lord Sackville-West's personal letter on the political situation resulted in his recall from the British embassy here. Secretary Lansing said that while the department had no official information on Von Papen's case, it regarded the use of an American passport for carrying any sort of a communication through the lines of the belligerents as an abuse of that document.

The copy of the German note on the Arabic which was received at the state department varied from the copy cabled to the Associated Press from Germany only in that the former said the submarine stopped the English steamer Dunsley about sixty nautical miles south of Kinsale instead of sixteen. Otherwise the two copies were pronounced by state department officials as identical.

**NEARING REFUSES TO BE SILENCED**  
Philadelphia, Sept. 10.—Although he has been "fired" from his professorship at the University of Pennsylvania for his radical ideas on the wages of workers, Dr. Scott Nearing refuses to stop his campaign of enlightenment. He has now issued a pamphlet outlining the conditions of American workers in terms of modern business. He writes: "Any business man who would attempt to conduct business on a basis that would pay only the flimsiest of upkeep charges would be regarded as a subject for mental treatment. Yet the bulk of American workers find themselves exactly in that predicament. They are conducting a family business on a basis that will not pay reasonable running expenses. The legitimate fixed charges of business—interest on the investment, adequate insurance, and depreciation—are far above the reach of most wage workers who have a family of five to support."

"The ordinary worker's family is a bankrupt concern; it cannot meet even the interest on its bonds. And dividends are a luxury of which he does not dream."

**TO PREVENT ANOTHER EASTLAND DISASTER**

Cleveland, O., Sept. 10.—A committee of supervising steamboat inspectors met here today to begin a thorough investigation of the steamboat service on the Great Lakes with a view to safeguarding future passenger traffic. On the committee are John K. Bulger of San Francisco, Eugene E. O'Donnell of Boston, C. H. Westcott of Detroit, N. B. Nelson of Cleveland and John A. Potter of New Orleans.

**MISSIONARY MEETING.**  
The Woman's Missionary society of State Street Presbyterian church held its first meeting of the year Friday afternoon in the church parlors. In the absence of the president, Mrs. Carriet, vice-president, of the society, presided.

The Rev. Charles M. Eames, who went out from State Street church to the missionary field in China eight years ago was present and gave an interesting talk on his work and many features connected with it. Mrs. Cunningham was hostess and was assisted by a number of young women of the church in serving light refreshments.

**WILL ENTER ILLINOIS.**  
Elgin Olinger of Franklin was in the city yesterday making arrangements to enter Illinois College at the beginning of the fall term.

## ONE IS KILLED; MANY INJURED IN STORM

**CHICAGO BOY IS KNOCKED DOWN BY  
WIND AND RUN OVER BY WAGON**

Two Are Hurt When Roof Is Blown Off Residence—Lightning Strikes Crowded Trolley Car—One Man Is Killed in Elgin.

Chicago, Sept. 10.—One person was killed and several injured in a severe wind and rain storm which swept over Chicago today. Francis Weber, 14 years old, was knocked down by the wind and run over and killed by a wagon at a South Side street intersection.

Thomas Hillary, 58 years old was injured fatally and Mrs. Bessie Hillary, 50 years old, severely hurt when the wind swept the roof off the family residence at 8905 South Carpenter street.

A trolley car crowded with passengers was struck by lightning at East Twelfth street and South Wabash avenue. The roof of the car caught fire and the passengers fled to the street.

Five men in a motor boat and two men in a row boat were rescued in Lake Michigan, a mile off shore.

A dozen fires caused by crossed electric wires due to the storm were extinguished. Scores of signs were blown down in South Side streets and thousands of basements were flooded.

**One Is Killed at Elgin.**

Elgin, Ill., Sept. 10.—One man was killed and two were seriously injured here today when lightning struck a barn on the Beverly farm, five miles west of here, during a severe wind and rain storm. Wire communications to Elgin were affected for several hours.

**BELIEVES AUSTRIANS CONDEMN AMBASSADOR DUMBA'S ACTION**

President of Slovak Guard Sends Telegram to President Wilson.

Chicago, Sept. 10.—A telegram expressing the belief that more than half the population of Austria-Hungary condemns the Austro-Hungarian ambassador's attempts to interfere with American industries, was sent to President Wilson from Chicago today by an organization representing more than 12,000 of Dr. Dumba's countrymen.

This announcement was made by Emil Tschler, president of the Slovak Guard, an organization of representatives from various American societies whose members come from the Northern part of Austria-Hungary.

The message to the president, Mr. Tschler said, characterizes Dr. Dumba's act as a violation of every diplomatic propriety, applauds President Wilson's course in demanding his recall, and expresses confidence that the president will safeguard American interests against any and every foreign nation.

## BOOKER T. WASHINGTON SPEAKS AT MASS MEETING IN CHICAGO

CHICAGO, Sept. 10.—Booker T. Washington, the noted negro educator, who is scheduled to address the negro Baptist convention tomorrow, addressed a mass meeting of those of his race in the First Regiment Armory tonight.

Washington urged his hearers to strive for success in business and that they should not only should own it, but that they should not only be laborers but also should be contractors; that they should not only use money, but bank it.

The more conservative leaders in the opposing factions of the Baptists are hopeful that the efforts of Dr. Washington toward healing the differences between the factions may bear fruit tomorrow.

## STATE FIRE MARSHALS OPEN ANNUAL MEETING IN CHICAGO

CHICAGO, Sept. 10.—More than one hundred state fire marshals and their assistants were present today at the opening here of the tenth annual meeting of the fire marshals' association of North America. The principal address at today's session was delivered by Walter H. Bennett, of Quincy, Ill., who was a strong advocate of the teaching of fire prevention to school children. A round table discussion of speakers' subjects will follow each address. The convention is expected to close tomorrow.

W. W. Moore, of Indianapolis, Miss., arrived yesterday for a Jacksonville visit of several days with his parents, Mr. and Mrs. Ensley Moore. Returning Mr. Moore will be accompanied by his wife and son who have been in the city for the past month.

**LIGHTNING HITS TRANSFORMER.**  
The fire department was called to a bakery of John Frank, at the corner of West Lafayette avenue and North Prairie street about 11 o'clock Friday night. Lightning had hit the transformer on Mr. Frank's building and the wires were burning. The power was shut off at the plant and no damage was done.

**JURY IS COMPLETED.**  
Indianapolis, Sept. 10.—The jury which is to try Mayor Joseph E. Bell under indictment for conspiracy in the 1914 election, was completed today.

## GENERAL CARRANZA REJECTS PROPOSAL

**Cannot Consent to Intervention in Interior Affairs of Mexico**

## THINKS PLAN ERRONEOUS

**First Chief States that By Accepting He Would Break Faith With the Mexican People**

## NOTE SUGGESTS RECOGNITION

VERA CRUZ, Sept. 10.—General Carranza, first chief of the constitutional party, has declined to acquiesce in the invitation of the diplomatic representatives of the United States and the Latin-American countries that he join the leaders of the various factions in Mexico in an endeavor to bring about peace.

The reply of General Carranza, which was handed to John R. Sullivan, President Wilson's representative in Mexico at noon today, said that General Carranza could not consent that the interior affairs of the republic be handled by the initiative of any foreign government.

**Text of Carranza Reply.**  
The text of the reply follows in part:

"Having informed General Carranza, the first chief of the constitutional army in charge of the executive power of the union, of your note, inviting him to a conference to consider the Mexican situation and re-establish peace, I have seen fit to address your excellencies to inform you in the name of the first chief of the constitutional army, in charge of the executive power of the republic, that he cannot consent that the interior affairs of the republic be handled by the initiative of any foreign government inasmuch as all have the right to respect the inalienable right of the sovereignty of nations and since, upon the acceptance of the invitation of your excellencies addressed to him to attend a conference with the chiefs of the rebel factions with a view of returning peace to Mexico, he would impair profoundly the independence of the republic and would establish the precedent of foreign intervention in the determination of its interior affairs, this consideration alone sufficing in prohibiting our government from participating in the legitimate defense of the sovereignty of the Mexican people and of the other American nations."

**Propose to Wipe Out Errors.**  
"I am sure your excellencies do not doubt that Mexico at present is in the throes of a revolution in which it is proposed to wipe out the last vestige of the colonial epoch, as well as all the errors and abuses of past administrations and realize the noble aspirations for the welfare and the betterment of the Mexican people."

"The first chief bears the responsibility of the realization of the national ambitions and he cannot by means of any dealings, endanger the fate of the country, nor permit the enemies of the cause which he represents to participate directly in the government."

"Nor does he believe it just or wise to bring to naught the results of the blood spilled on the republic's soil by following the course which your excellencies have consciously and disinterestedly indicated to him, but which he considers erroneous in view of the teachings of our own experience."

The note then gives in detail the successive steps of the revolution in Mexico since 1910 and continues:

**Would Break Faith With People.**  
"From the foregoing I do not doubt that your excellencies will have the intimate conviction that upon entering into agreements with the conquered factions the first chief would renounce not alone the victory gained at the cost of so great a sacrifice but also break faith with the people and violate confidence reposed in him by the army and the Mexican people."

"Moreover, your excellencies should not forget that the longing for liberty and democracy of this people is entirely legitimate and that no one has the right to impede their enjoyment at a not far distant future of the spontaneous fruit of their grievous struggle."

"In view of the foregoing considerations, the first chief recommends that I say to you that he regrets not being able to accept your courteous invitation but that convinced of the sincerity and the noble desires of the government of your excellencies to contribute toward the re-establishment of peace in Mexico, that this soon would be accomplished by the forces of the constitutional movement; and in order to reciprocate the courtesies of your excellencies and your worthy proposition and as a proof of the harmony and frank friendship which should exist between the North American republics, he for his part, has the honor to invite you, Messrs. Ministers, personally, or through a committee representing you and appointed by your

## NEW YORK CONVENTION ADJOURNS FINALLY

**DELEGATES FORMALLY ADOPT REVISED CONSTITUTION**

Appeal to Voters to Support Document is Included in Day's Work—Figures Submitted Give Population of New York State as 9,773,817.

Albany, N. Y., Sept. 10.—The total population of New York state is 9,773,817, according to figures submitted to the constitutional convention today by Secretary of State Hago.

New York City has 5,066,222, an increase of 309,661 in five years. During that time, however, the Borough of Manhattan has shown a decrease of 187,481.

The New York constitutional convention tonight adjourned finally. It opened April 6, and has cost about \$500,000.

**Adopt Revised Constitution.**  
Formal adoption of the revised constitution, the method by which it is to be submitted to the people on Nov. 2 for ratification, and an appeal to voters to support it, were included in the day's work. The general appeal was supplemented by a personal plea by President Elihu Root to electors for acceptance of the document.

William Barnes voted against the general appeal. His action was taken, he said, because of the refusal of the convention to permit the separate submission of proposals intended to prohibit tenement house manufacturing and to bring occupational diseases under the workmen's compensation law. He also announced his intention of voting against ratification at the polls.

**Emphasizes Two Points.**  
Mr. Root in his personal plea to electors, especially emphasized two points—that this convention has been above partisan politics and has resorted to no caucus or party conference to bind the judgment or save the conscience of the delegates and that all of the more important measures had been passed by majorities of both of the parties represented.

In addition to the proposals ordered submitted today, two others authorized by the legislature will be voted for by the electors in November. One is the suffrage question and the other a proposal to raise \$27,000,000 by bond issue to complete the barge canal.

## SOUTHERN ILLINOIS REPUBLICAN EDITORS INDORSE SEN. SHERMAN

**Decide to Quit Using Plate Matter Supplied by Politicians and Charge Advertising Rates for Publicity to Politicians.**

East St. Louis, Ill., Sept. 10.—Senator Lawrence Y. Sherman of Illinois was endorsed for Republican presidential nomination by the Southern Illinois Republican editorial association, the organization of which was perfected here tonight. The charter membership list included 160 Republican editors of Illinois south of Springfield.

The members of the association decided to quit using plate matter supplied by politicians and charge advertising rates for all publicity to politicians in the future.

Senator Sherman and half a dozen Illinois congressmen attended the banquet.

Permanent officers elected today were: A. T. Spivey, East St. Louis, president; H. L. Williamson, Springfield, secretary and Randolph Smith, of Florida, treasurer.

## EIGHT PERSONS ARE HURT WHEN ALTON "HUMMER" IS DERAILED

CHICAGO, Sept. 10.—Eight persons were injured, none of them seriously, when the "Hummer," a crack train of the Chicago & Alton railroad, was derailed about 7:45 p. m. tonight near Elwood, Ill., the first station south of Joliet, according to reports received here.

The entire train, which was said to have been traveling fifty miles an hour at the time of the accident, left the track with the exception of the two rear sleepers. The injured are said to be from Bloomington and Kansas City.

excellencies to attend a meeting with him which might be held in one of the frontier towns on the Rio Grande occupied by his forces, to the end of considering the affairs of Mexico from the international viewpoint only with the following object in view:

**Suggests Recognition.**  
"If your excellencies consider that the first chief of the constitutional army in charge of the executive power, citizen Venustiano Carranza, maintains a de facto government in the republic with all the attributes necessary for recognition as such, that you recommend to your respective governments that it be so recognized, thus establishing one more bond of friendship between the people and the governments of your excellencies and the Mexican people and the Mexican government."

"I have the honor to offer you, Messrs. Ministers, on this occasion, assurances of my most courteous and distinguished consideration."

(Signed) "JESUS ACUNA, Secretary in Charge of Foreign Relations."

## TWO M.E. CONFERENCES WILL NOT BE MERGED

**PROJECT DOWNED WHEN MINISTERS TABLE REPORT**

Educational Banquet With Bishop McDowell as Chief Speaker Feature Friday Evening—Dr. McCarty Ministerial Delegate—Dr. Barker Elected to First Reserve of Laymen.

Springfield, Ill., Sept. 10.—The plan to consolidate the Illinois and the Central Illinois conferences of the Methodist Episcopal church met defeat here today, the Illinois conference voting to table the favorable report of the consolidation committee.

To have effected the consolidation it would have been necessary to go before the general conference and ask for an enabling act. This the Illinois conference refused to do. Had the vote been otherwise considerable opposition was expected, it was understood, from the Rock River conference, on the north, and the Southern Illinois conference on the south.

**The Educational Banquet.**  
The educational banquet, attended by several hundred ministers and lay members was the feature of the evening session of the conference. Hugh S. Magill, superintendent of the Springfield schools and former state senator, was toastmaster and addresses were made by President W. D. Agnew of Hedding College, Abingdon, Ill., Dr. Harris F. Rall of the Garrett Biblical Institute, Evanston, Ill.; Mrs. Belle Short Lambert, of Jacksonville; J. W. Breckon, Palmyra and Bishop William F. McDowell, Chicago.

The principal address of the evening session was made by Bishop McDowell whose subject was "Life and the Bible."

The conference will close Monday when the assignment of ministers for the coming year will be announced.

**Lay Delegates Elected.**  
The results of the vote for ministerial and lay delegates to the general conference at Saratoga were as follows: lay delegates—State Representative George H. Wilson of Quincy; Judge H. R. Snavely of Marshall; Francis G. Blair, state superintendent of public instruction; F. M. Austin of Bloomington; J. W. Breckon, of Palmyra; B. F. Kagey of LaPlacer; Mrs. Jeff Orr of Pittsfield, and John Kessick, Farmer City.

**Six Ministers Elected.**  
The conference elected six of the eight ministerial delegates who will go to Saratoga. They are:

Rev. Theodore Kemp, president of Illinois Wesleyan university at Bloomington; the Rev. F. A. McCarty of Jacksonville; Rev. J. W. Van Cleave of Decatur; Rev. Preston Wood, Springfield; Rev. B. F. Shipp, Bloomington; Rev. W. J. Davidson, former pastor of Centenary church, now connected with the Garrett Biblical institute, Evanston. Two more ministers will be elected today.

The following laymen were added as first, second and third reserves: First Reserve: Dr. Joseph R. Barker, president of Illinois Woman's college. Second Reserve: Mrs. Frank Kuhl, Springfield. Third Reserve: Rev. W. A. Joy, Springfield.

**Against Merging Conferences.**  
The greatest opposition to the proposed plan of consolidation was presented by Dr. W. H. Wilder, an instructor at Illinois Wesleyan university and formerly district superintendent at Champaign. He declared the matter was one of the most important presented to the Illinois conference in a decade, and urged the members not to act hastily.

Dr. G. W. Liver of Mattoon, declared the proposition was an enabling act to change the boundary lines of the Illinois conference, was against the interests of the ministers and of the work they had to carry on and they ought to leave well enough alone.

Rev. Preston Wood, superintendent of the Springfield diocese, also spoke in opposition to the proposed plan, urging the members to go slowly, and not to forget the traditions and history of the Illinois conference which should be preserved.

## HIGHWAY COMMISSIONERS ELECT.

Peoria, Sept. 10.—The Illinois association of highway commissioners and town clerks at its concluding session here this afternoon re-elected W. R. Kendall, Watseka, Ills., president; George M. Seipe, Tuscola, Ill., vice-president and L. E. Skaggs, Danvers, secretary-treasurer.

Peoria was made the permanent meeting place of the association.

## AVERT DANGER OF SPLIT.

Rock Island, Ill., Sept. 10.—Danger of a split in the general counsel of the Lutheran Church of North America, in biennial convention here, was averted today when the Augustana synod delegates rejected, on the ground that they would be too drastic, concessions demanded by a committee of the synod appointed at Minneapolis two weeks ago.

**BALDWIN OUTPOINTS HENNESSY.**  
Kansas City, Sept. 10.—Al Baldwin, of Jacksonville, Ill., a featherweight, outpointed Young Hennessey, of Kansas City, in a ten round bout here tonight. The Kansas City fighter started to force the fight in the final round and ran into a right cross which ended his chances of getting a draw.

## GERMANS OCCUPY FRENCH TRENCHES

**Prussians Attempt to Break Through Lines in the Vosges Mountains**

## ADVANCING IN EAST

**Two Russ Successes on Sereth River Have Not Interfered With Progress of Teutons**

## ITALIANS CONTINUE ATTACKS

LONDON, Sept. 10.—The Germans have repeated in the Vosges mountains the attempts which they made to break through the French lines in the Argonne Forest, in these attacks the Germans claimed that they were enabled to occupy some French trenches. The French report admits this, but says the German progress was accomplished by the use of asphyxiating gases and that in counter-attacks the French regained the great part of their lost ground at Hartmanns-Weilerkopf and later repulsed another violent attack against that position.

Hartmanns-Weilerkopf has changed hands a dozen times in the last few months. Yesterday the Germans by assault again got a foothold on the summit, but according to the French report, were driven down again at night. The armies in the west have been engaged in almost continuous artillery duels, bomb throwing and air raids.

**Teutons Advancing to Rovno.**

The two Russian successes on the Sereth river, Galicia, while they made a big capture of men and guns have not interfered with the Austro-German advance. Further north, the Austrians have taken Dubno, and with the help of the Germans are advancing to Rovno, meanwhile the Germans to the south of Preplit marshes to the region southwest of Vilna are fighting hard and with some success for the strategic railway system of the Brest Vilna area, which starts at Riga, runs through Dvinsk, Vilna, Lida and the east Pripiet marshes to Rovno and onward to Lemberg, Galicia. Military critics express the opinion that once this line is in the hands of the Austro-German forces they will go into winter quarters for the more important purpose of bringing a large part of the Russian forces to a decisive battle under disadvantageous conditions now seems out of the question, as the autumn rains already have set in.

The three main Russian armies under Generals Ruzsky, Everet and Ivanoff, although reduced and outnumbered still are full of fight, as is shown by their offensive on the Sereth river, and the Austro-Germans look to their own defense before reinforcements reach their opponents.

**Italians Continue Attacks.**

There is still a dearth of news from the Dardanelles. On the Austro-Italian frontier, the Italians continue their attacks in the mountain regions where their progress is slow.

It is disclosed by the Sofia correspondent of the Associated Press that Serbia has offered to cede Macedonia as far as the Vardar river, to Bulgaria, but that the latter wants the whole of Macedonia. This is where the negotiations, it was feared would reach a deadlock, for above all things Serbia desired to maintain a common border with Greece, while Bulgaria always demanded the cession of Monastir which, being near the southwestern border, would make a common border impossible.

## TORRISCO MAKERS IN HOT ROW.

New Orleans, La., Sept. 10.—After long litigation over the use of the name "Tobasco" for various pepper sauces prepared only by local makers, Lowell R. Gaidry, one of the producers of the "hot sauce" has brought suit against his rival, the MacIlhenny company, for \$150,000 damages. There has been a heated battle in the tobacco industry for some years, and when the new suit comes to trial, it is expected the pepper kings will make a hot mix-up.

## WEATHER FORECAST AND TEMPERATURES.

Illinois—Mostly cloudy and cooler Saturday with showers in east and south portions. Sunday partly cloudy.

Temperatures		
The current, maximum and minimum temperatures recorded Friday were:		
Jacksonville	78	88 66
Boston	78	92 68
Buffalo	68	70 66
New York	80	86 72

## CHOOSING AUTOMOBILE ROUTE TO CALIFORNIA EXPOSITIONS

Frank Dewese of Prentice and William Duffner, Virden, to start for West With Complete Camping Outfit.

Frank Dewese of Prentice and William Duffner of Virden expect to leave today for California in Mr. Dewese's Ford car. They have a complete camping outfit and expect to "rough it" when necessary during the sixteen to twenty days trip to the Pacific coast.

The proposed route of the western visitors includes Peoria, Galesburg and Davenport, thence to Des Moines and Omaha. Mr. Dewese expects to strike the Lincoln highway in Iowa and follow that trail through Nebraska to Grand Island, Cheyenne and Ogden. From San Francisco the men will go to San Diego and on their homeward journey will visit the Grand Canyon. The Santa Fe trail will be the general route of return. Mr. Dewese expects to be gone about six weeks. Should weather permit he will make the final stages of his trip through Mississippi, Tennessee and Kentucky.

## WILL HOLD MARKET.

The Ladies' Aid society of Westminster church will hold a market at H. W. Dorwart's on West State street Saturday, Sept. 11.

When all is said and done, just about the most important statement made at the court house meeting last night was that the great danger in which the commission form of government stands is indifference. A great many people are doubtless paying little attention to the present discussion. They must remember that if they believe in the commission form, or if they do not believe in the commission form but believe that the present officers rank well with others who have served, that their business is to get out and vote at the election September 21, and to mark the ballot "no."

And speaking of the advantages of the commission form as compared with the aldermanic form, the record made by the administration, which closed May 1st is worthy of note. The figures were quoted last night to show that during that administration the floating debt of the city was reduced by \$23,900 that unusual expenditures of \$54,812 were made including the development of the light plant. This statement of facts is a pretty strong answer to the argument made that the commission form of government is too expensive. It's a fact, too, that the amount of salary paid to a city official is not the most important thing, for some men are cheap at a high salary and other men might be expensive at a low salary.

### The Peril of Office Holding.

Municipal office holding does not offer a very attractive field if one may judge by the record of former Mayor David S. Rose of Milwaukee. Mayor Rose had more or less prominence during recent years because of his debates in which he has championed the liquor cause. More recently he has had some advertising by means of his schedule filed in a bankruptcy court. The former mayor scheduled his liabilities at \$37,533.33 and his assets at \$36,400. But his idea of the value of the assets seems to have been quite erroneous, as the total amount of money received from the sale of the same was \$18. Mr. Rose was five times mayor of Milwaukee.

### Way to Health.

There are a lot of people who have found by experience that an early morning cold water bath has remarkably invigorating effects, but probably there are very few people who know the reason therefor, which is explained in a recent article in the "Good Health" magazine. The magazine writer says that a few years ago Prof. Winternitz of Vienna made the discovery that general cold baths have the effect of increasing the number of active cells in the blood to a very remarkable extent, the increase sometimes amounting to one-fifth more. As the result of increasing the cells in the blood and increasing the white corpuscles, the resisting power of the body is augmented. The result is to "call into activity blood cells from their hiding places and prepare them to fight with vigor the battle which must be waged continuously in defense of the body." And while the early morning cold bath is invigorating, just the temperature suitable is a matter for the individual to decide, as a great many people have not sufficient vitality to withstand the shock of a plunge into icy water. With the average person the temperature may be lowered by degrees until the habit has been formed, but until there has been such preparation a very cold bath sometimes is a distinct shock to the nervous system and positively injurious. No doubt a person in average health who consistently follows this course may come to have the hardy constitution of the people of one province in Germany. There it is said that the healthy citizens find nothing so joyfully invigorating as cutting holes in the ice in the river which runs past the town and taking an early morning dip.

### The First Submarine.

It is a fact but little known that the first submarine to operate successfully in the open sea was built by Simon Lake, an American inventor. Capt. Lake built the Austrian submarines and then his ideas were adopted by Germany. A statement made recently by the inventor seems to shed some light on the present war, as he declares that ten years ago the German government began to plan offensive warfare with submarines. He says that in 1905 he consulted with Admiral von Tirpitz, who informed him that the Kaiser wanted offensive weapons of war. Two types of submarines were submitted by the inventor, one a small craft for defensive use and the other larger one for offensive warfare. Capt. Lake was born in New Jersey and was educated at Franklin Institute in Philadelphia. In 1894 he built the first experimental submarine and three years later built the Argonaut, the first vessel to dive and work successfully in the open

sea. Subsequently he spent several years in Germany, Russia and England designing and advising with reference to the construction of undersea boats. He has from time to time made important additions to the first invention that he perfected.

### Seeing America First.

As a result of the attractions at the Panama-Pacific exposition and also because of interrupted travel abroad, there have been a vast number of tourists to the west this summer. The Spokane Spokesman review said recently that approximately two hundred tourists a day reached that city by train and that the number was much greater if those who came by automobiles were included. Some of the visitors were attracted to the west by the expositions and others by the fact that the Yellowstone park was for the first time open to automobile travel. The Boise Statesman, in commenting on the vast amount of travel, said recently that the volume of travel to Yellowstone park was indicated by the fact that the trains were running in as many as seven sections. It is estimated that at least 40,000 people have gone through the park this season. Miss Margaret K. Moore, who went to Salt Lake recently, in writing home said that she was on the fourth section of one train which consisted of twelve cars, and that there was still another section not many miles behind. Thus the war in Europe has meant an increase of passenger traffic for the western roads and has brought a certain amount of prosperity to various localities, but aside from the immediate financial result, there are probably a good many benefits resulting from the "See America First" slogan which has been in unusual favor this year.

### Will Complete Rate Hearing.

The state utility commission would certainly be in a condition somewhat difficult to excuse if, after all the expenditure of money and time in the Jacksonville case, and the knowledge that so many other cases depended upon the result, they let it be possible for all the work thus far done to come to naught.

While probably very few citizens have followed closely the evidence presented before the commission, it is not likely that very many would look with favor upon a dismissal of the case at this time. In fact, they would be more than likely to view the matter with suspicion and would not be satisfied that any agreement entered upon was wholly fair to the city. In view of all of the facts, the only reasonable way now seems to be for the hearing to be consummated and the commission's finding made. At the beginning of the hearing the company stated that it welcomed such a hearing and that the method proposed of ascertaining the fair rates to be effective in Jacksonville was in this way. The people held the view that the commission had been constituted for that very purpose and so the same condition should obtain now, and the only way to have any real basis for satisfactory settlement is to continue the present inquiry to the end.

Incidentally it is known that light company officials have made several efforts recently to have the city authorities agree to turn over the street lighting and pumping to them and let the municipal plant go out of business, the company making the statement that they would be willing to enter into a contract as such a price that the cost of light and pumping would be less for the city than under present conditions. This proposition certainly would not appeal to the larger body of citizens, who while not familiar with the exact cost of operating light and pumping stations, nevertheless have the feeling that the continued ownership of the municipal plant is a desirable thing.

### BROWN'S NIGHT SCHOOL.

Saves you time and money by giving the course in the shortest time consistent with the best results.

If you are interested in preparing for office work, or if you wish to review the common branches of our course will benefit you.

Full term opens Monday, Sept. 20. BROWN'S BUSINESS COLLEGE.

### MORITARY

#### Johnson.

W. H. Mitcheson of Lorton street will go to Jerseyville today to attend the funeral of his uncle, W. A. Johnson, who died at his home in that city from the effects of a stroke of paralysis. Mr. Johnson was born in a slave state over 70 years ago, but since the war has made his home in Jerseyville. He is survived by one daughter. The funeral services will be held at 2:30 o'clock this afternoon.

#### Oxley.

Raymond Edgar, the three year old son of Mr. and Mrs. Edgar Oxley of the Pisgah neighborhood died at Passavant hospital Friday morning, at 10:30 o'clock. Death resulted from he will conduct what is known as the "Boy's Friend Chautauqua." Parents will be welcome at general meetings which will be held each afternoon and evening. Work for the girls will be in charge of Miss Mary Seeger, a specialist in her line, who will conduct interesting meetings for girls. Mr. Connor will deliver a popular lecture each evening on some phase of the boy problem.

WILL HOLD MARKET. The Ladies' Aid Society of Westminster church will hold a market at H. W. Dorwart's on West State street Saturday, Sept. 11.

SOLD OVERLAND. Priest & Claus sold to Mrs. Sarah Boyce a Number 83 Overland for immediate delivery.

## LIGHT COMPANY SEEKS TO COMPROMISE RATE CASE

Proposition Not Satisfactory to Petitioners or The Commission.—Evidence Must Be Concluded and Finding Made.

It has been common knowledge for a number of days that officers of the Jacksonville Railway and Light company have made overtures looking to a settlement of the rate case which has been before the Illinois utility commission for more than a year past. While as stated above it has been known that the company was desirous of putting an end to further litigation and arriving at a settlement of all the matters complained of, no definite statement has been made of just what the company was willing to do. The reason, no doubt, that no definite statement has been made is the fact that the proposition made by the company to settle the case by agreement has not met with encouragement.

The petition which resulted in the hearing before the utility commission was not filed by the city proper and therefore the mayor or council of the city would have no legal authority to ask the utility commission to discuss the whole proceedings. The petitioners in the case are Dr. Edward Bowe and Dr. E. F. Baker, and it is understood that they do not personally desire a compromise and do not feel that they would have a right to consent to a dismissal of the proceeding at this stage of affairs, as they acted in good faith in bringing the case before the commission and acted in behalf of citizens generally. Even if the city officers and the petitioners had expressed themselves as favorable to agreeing to the company's suggestion that further hearings be discontinued and an agreement reached privately, it is unlikely that the commission would allow the case to be taken from their docket. It is said that Commissioner Shaw heard of the proposal to compromise and expressed this very view. The commission has been occupied from time to time for nearly a year and a half in collecting evidence with reference to this case and in hearing evidence. Doubtless the records and investigations and inspections made by the commission engineers and accountants have cost \$6,000 or more, but the most important fact is that quite a number of petitions which have been filed with the commission will be decided practically at the same time that a final result is known in the Jacksonville case. In other words, the local situation has been gone into with such thoroughness and so exhaustively by the commission that it will set a precedent.

## CENTRAL CHRISTIAN CHURCH WILL HOLD REVIVAL IN NOVEMBER

The Rev. John L. Brandt of St. Louis Will Conduct Meetings—Bible School Extension Day Tomorrow—Boys and Girls' Week.

The Rev. John L. Brandt, pastor of the First Christian church in St. Louis and one of the leading ministers of the Disciples of Christ in America, has been secured to conduct revival meetings at Central Christian church. The meeting will begin early in November, probably the first week and Rev. Mr. Pontius, the pastor, and members of the congregation are anticipating with pleasure the coming of Mr. Brandt. Though in charge of a regular pastorate, Mr. Brandt has had much experience in evangelistic work. By reason of a large request, his St. Louis charge will soon erect a new church building, with many institutional features and modern in every detail of construction. The money with which the new edifice will be largely built was left Mr. Brandt by an unknown man he had once befriended. Directions were given that it be applied to construction of a new church building.

Mr. Brandt recently made a tour of the world. He covered more than fifty thousand miles in the course of his journey and visited most of the important countries of the globe. Tomorrow, the Central Christian church will observe Bible school extension day. An effort is being made to have the full enrollment present in each department and teachers are giving especial attention to the membership of their classes.

A home coming is announced for the members and friends of the church Sunday, Sept. 19. A basket dinner will be served in the dining room of the church at 12:30 o'clock and a service at the auditorium will be conducted at 2:30 o'clock. Mr. Pontius will give a report of the Los Angeles convention at this service.

The week of Sept. 27, there will be held a campaign in interests of the boys and girls of Jacksonville. A. W. Connor of Indianapolis has been secured for the entire week and he will conduct what is known as the "Boy's Friend Chautauqua." Parents will be welcome at general meetings which will be held each afternoon and evening. Work for the girls will be in charge of Miss Mary Seeger, a specialist in her line, who will conduct interesting meetings for girls. Mr. Connor will deliver a popular lecture each evening on some phase of the boy problem.

### FUNERAL NOTICE.

The body of Mrs. Kate Devine Farley arrived from Miami, Fla., Friday afternoon at 2:08 o'clock and was taken to the undertaking parlors of J. H. O'Donnell. Funeral services will be conducted this forenoon at 8 o'clock at the Church of Our Savior and burial will be made in Calvary cemetery.

### LICENSED TO MARRY.

John E. Orvil, Brookfield, Mo., Leola Burns, Bloomington.

## MATRIMONIAL

Williams-Baird.

Le Roy H. E. Williams and Miss Dana Baird were married at 10:30 o'clock Friday forenoon by the Rev. F. M. Rule at the residence of Capt. Alexander Smith on West State street. Miss Mabel Williams of this city and Thomas Julian of Chicago attended the young people. Friday afternoon at 2 o'clock a reception was held at the home of the groom on East College street at which time friends and relatives had opportunity to extend best wishes to the newly married pair.

The bride is the daughter of Mr. and Mrs. D. J. Baird, formerly of Beecreek, Pike County, and now of the Jacksonville Business college and has until recently been employed in the office of O. P. and Paul P. Thompson. She is a young woman of talent and excellent disposition.

The groom is the son of Mr. and Mrs. John B. Williams. He is a trusted employee of the Jacksonville Railway & Light Co.

## ARMAND'S PERFECT COMPLEXION POWDER

This is the MOST REMARKABLE POWDER we have ever sold. It has been sold in America only a short time.

It is a powder that can be mixed with water and applied as a liquid for evening wear. IT DOES NOT SHOW. It stays on until you wash it off. It contains no rice to enlarge the pores, no chalk to dry the skin, nor any lead to make black heads.

ARMAND'S POWDER IS LUXURIOUS, its texture is soft and very creamy, its perfume is exquisite, delicate and persistent. Armand's Face Powder is not expensive. Because of its extreme fineness a very little spreads much further than any other. ALL TINTS AND ONLY 50c A BOX.

## DR. CARSON

Chicago Specialist

In the treatment of Chronic Disease, will be at the Dunlap Hotel, Jacksonville, Illinois, Wednesday, Sept. 15, 1915, one day only. (Returns every 28 days). 11 hours, 8 a. m. to 4 p. m.

Fourteenth Successful Year in Jacksonville. Consultation and Examination Free

I treat successfully the cases I undertake and accept no fee from those who are incurable. That is why I continue my visits year after year, while other specialists make only a few visits and cease to return.

IS THIS THE WAY YOU FEEL? Tired in the morning and easily excited? Are you dizzy or nervous? Pain in the head? Tongue coated? Have you Catarrh—nose stopped up? Gas on the stomach? Hands and feet cold? Pain of hands and feet? Have you indigestion, dragging pain or ache of the body, back or limbs? Have you Rheumatism? Have you Flatulency? Piles—itching or bleeding? Have you kidney or bladder trouble, lame or weak back, pains in back or limbs? Have you any blood disease—scrofula, skin eruptions, pimples, bone pains, pale complexion and losing weight?

I invite you to call and investigate the Carson System of the treatment of Chronic Diseases, which I have perfected after fifteen years of experience and study, and you will be convinced that my modern, up to date methods of curing disease are what you need.

Never before has there been a treatment giving such universal satisfaction. Every sufferer is cordially invited to call and secure full details concerning this new treatment free of charge. REMEMBER DATE OF VISIT. Come early as places are always crowded. A friendly call may save you future suffering. It has made life anew to thousands who had been pronounced beyond hope.

C. W. CARSON, M. D., 766 Oakwood Blvd., Chicago, Ill.

Experience makes perfect. Having treated hundreds of old chronic stomach troubles for the last fifteen years, I can relieve a great majority of these cases and restore them to health and strength again, especially in those cases who suffer from the effects of pain in the stomach and bowels, bloating, gas, spitting up of food, sour stomach, headache, dizziness, loss of appetite, drowsiness, and heavy, bad feeling in the head.

PILES—Every case guaranteed cured without detention from business or use of knife.

## Private Diseases a Specialty!

NERVOUS DEBILITY—Are you nervous, dependent, weak, tired mornings, no ambition, poor memory, easily fatigued, excitable and irritable, eyes sunken, red and blurred, pimples on the face, dreamy restlessness, haggard looking, weak back, deposit in urine, drains at stool, distrustful, want of confidence, lack of energy and strength.

## An Apothegm

This open door exposes to view  
The kind of meat that's here for you.  
Sheltered well from dust and heat,  
For nothing here is obsolete,  
And in buying meat there's this to consider  
That quality's not to be found in  
litter.  
Your health, and your family's—think  
of them.  
And you'll get the drift of this  
apothegm.  
The quality of meat you put in the pan,  
Is the uppermost thought of your  
Butcher Man.

## ARGUMENTS ARE MADE FAVORING COMMISSION FORM OF GOVERNMENT

### FRANCHISE QUESTION SEEN AS UNDERLYING REASON FOR URGING CHANGE

Value of Initiative and Referendum Clause Emphasized—Figures Show Big Saving Made By Last Administration—"Give Present Officers A Chance" Slogan of All Speakers—Indifference the Danger.

A mass meeting was held at the court house Friday night under the auspices of the Jacksonville Civic League for the purpose of discussing the proposition of Jacksonville returning to the aldermanic form of government. Mrs. J. H. Danskin, president of the civic league, presided, and Mrs. George Hollinger was the secretary. Mrs. Danskin made introductory remarks commenting upon the part that women have taken in elections in Jacksonville during recent years and expressing regret for the fact that another election was made necessary at this time. The speakers were Dr. A. B. Morey, W. J. Brady, A. T. Capps, Frank J. Heintz, Dr. Edward Bowe, T. M. Tomlinson and Thomas Worthington.

Summarized, the principal arguments made in opposition to a change were that to return to the aldermanic form would mean a less representative government and rob citizens of the right of initiative and referendum; would place powers now resting with the people in the hands of aldermen not responsible to the voters after election day; would serve to muddle city affairs, when, because of utility questions pressing for solution it is very essential that citizens have a clear vision; that a change is manifestly unfair to officials elected by the people only a few months since, and that a change would actually mean a recall of the mayor and commissioners.

Several speakers referred to Mr. Hairgrove, inferring that the main motive for the present election could be found in his puffed state of mind resulting from the fact that his wishes were not met at a certain meeting of the board of education a few weeks ago, and the same speakers indicated that this motive did not seem to be of enough importance to justify the labor and turmoil attendant upon an election.

Other speakers emphasized the utility matters as the big question behind the whole proposition, indicating a belief that since all franchise questions must be voted upon by the people under the commission form and can be settled by the council alone under the aldermanic form, that the utility company is desirous of making the change. Dr. Bowe referred particularly to the danger there is from indifference, suggesting that too many people who are in favor of the present form of government will fail to take the necessary interest in the election and neither work to restrain the present form or possibly even vote. Mr. Worthington also laid some stress upon the utility matters, quoting figures to show what large revenues the company has been taking out of Jacksonville. He did not wish to appear as attacking the company but emphasized the desirability of keeping the present administration in power partially because of their known desire to have a commission finding. Mr. Heintz referred to city record to show the improvement of the commission form over the aldermanic form, and quoted from several of the best known authorities on municipal questions.

In her introductory remarks Mrs. Danskin said:

**Women's Share in Elections.**

Since the suffrage bill was signed by Gov. Dunne in July 1913, the women of Jacksonville have voted five times. In these five elections certain facts have been demonstrated about the women voters of this city. First, and most prominent of these, is the fact that, as one of the

local papers put it editorially, "the women of Jacksonville, by a large majority, are dry, intensely and fervently dry—and they refuse to permit other things to intervene when making choice of public servants." Second, they are more interested in moral questions than in those of an economic nature. Third, they do not always vote as their husbands do. This fact was so remarkably shown in the primary election last March, when there was so wide a divergence between the men's and women's vote on candidates. Fourth, they are independent of party, church or geographical considerations in selecting candidates. Fifth, if there is any moral or ethical question involved, the financial or economic side of an issue does not influence them.

As officers of the Woman's Civic League we are in touch with hundreds of the good women of Jacksonville, and we find in regard to the election confronting us a deep and burning indignation on the part of the women that we should be put to this unnecessary trouble and expense. The women have made a study of the petition which has caused this election and they find conclusive evidence that in the main the element which has caused elections in 1909, 1911, Sept. 1912 and 1913, has been the openly advertised one in bringing about this election. Now persistence is a good thing if used in a righteous cause.

This element thought that perhaps they could catch the good women napping and under the guise of a change in the form of government, get by with their schemes to get in control again. So an Absalom has risen "up early and stood by the way of the gate." And he said, "O that I were made judge in the land, that every man which hath any suit or cause might come unto me, and I would do him justice." So he gathered unto him all the disaffected and he showed them how they might have justice!

An attempt has been made to work on the prejudices of the voters by trying to get the east side of town against the west side. Did any one hear a howl on the west side when three of the four commissioners lived east of the center of Main street or does any one consider that that had anything at all to do with the fact that those men were not re-elected.

The eyes of the whole state have been focused on Jacksonville for the last eight years and if we should now give up our commission form it would be a setback to good government and law and order all over the state. The women are for commission form here and elsewhere. To the credit of the women belongs the adoption of this form in Joliet, Lincoln and several other cities in the state and it is our firm belief, founded on good evidence, that when the sun goes down on Sept. 21, the good women of Jacksonville will have rolled up another such majority that the afore mentioned element will not soon lift its head again to bring on another election.

Dr. Morey declared that under the old aldermanic form some good things were done but that the system failed to build up the city morally or financially. He said that a change would mean extra wards, extra aldermen and extra worry generally, and possibly might mean additional powers or favors for some corporation. He referred to the failure of municipal government as a rule in this country by comparison with other government and said that the aldermanic form had been dis-

carded in a great many progressive cities because it had proved its own inefficiency. He spoke of the injustice of making a change at this time when no fair opportunity has been given the mayor and commissioners to accomplish anything.

**Dayton Pays High Salary.**

Referring to the salary question, the speaker suggested that men who do work well should be paid well, and if the opportunity is given and the present officials serve efficiently, there can be no objection to their having proper salaries. He referred to the city of Dayton, where \$12,500 is paid to a city manager and yet the system followed is proving a great saving to the city. Dr. Morey said that the present form is much more representative than the old because under the aldermanic system a voter casts a ballot only for the aldermen from his own ward, but now has the chance to vote for every officer chosen. He said there should be no ward lines or distinctions and that what is good for one ward is good for all. He thought that a return would simply mean more politics in city affairs and that political lines are very undesirable in city affairs.

**Comparative Costs.**

W. J. Brady was the next speaker and said that he had read the newspaper reports of the meeting held recently when Mr. Hairgrove was the speaker and that not one real good argument had been advanced in favor of a change. He said that the expense of the present form was mentioned, and as he understood it, that a change would place the city under the general law with seven wards and fourteen aldermen, that each alderman could under the law draw a salary of \$520 a year, which, with a mayor's salary of \$1200, would mean a larger payroll than is true under the commission form. Mr. Brady said that some men could do more in settling important matters in an hour than other men could do in a day, and that if Mayor Rodgers could remain in the bank and still take good care of city affairs at certain hours of the day and night, that it would be better for the citizens to take off their hats to him than to condemn him. Mr. Brady then pointed to advances made during the last four years under the commission form of government. He said that when the administration went into power that the floating debt of the city was \$64,000; that this had been reduced \$22,000; that \$15,000 had been paid on the Morrissey shortage, \$5,000 for attorneys' fees incurred in the Jacksonville water case, and a very large sum spent for improvements on the light plant. "I was told once," he said, "that if all the doings at the council meetings were reported in the papers that the aldermen would be run out of town. The meetings under the present form are held in the morning and there is nothing under cover. We elected five good men just a few months ago, and now in all fairness we ought to at least give them a chance to make good."

**Former Alderman Spoke.**

Alfred T. Capps said he approved of public discussion of such questions as the one now before the people, although he did not like to take part in them. He said that regardless of the petition that had been filed making necessary the coming election that he believed that the common feeling in Jacksonville is favorable toward the commission form. He said that people are all familiar with the complaints against the old council—that there had been some good men in office and some not so satisfactory. Speaking as a former member of the council he said that the committees had little power there—that their work was mainly to recommend, and that the mayor was the effective officer and most of the power was vested in him. The speaker declared that a glance at local history would show under the aldermanic form business was not expeditiously done, as aldermen could not devote much time to city affairs. He said that it has been his observation that bankers probably came in touch with more people than did any other business men, and suggested that Mayor Rodgers in his position as a banker came in contact with a great many people and was accessible to them. He mentioned that all of the officers now serving were chosen by the people not long since by god majorities and that the only reasonable course now was to stand by them and give them a fair chance.

Frank J. Heintz, after quoting the views of a number of men ranking as experts in government affairs, discussed the question as follows:

**City Debt Reduced.**

Four years ago Jacksonville adopted the commission form of government. The first administration under the new form inherited a floating indebtedness of \$66,000 from the aldermanic form. The first administration expended \$54,312.90 for improvements in the light and water plant, for attorney's fees in the water case and on the Morrissey deficiency and reduced the floating indebtedness \$23,000.00. The revenue of the city derived from general taxation has been about the same for many years past. Prior to 1906 about \$24,000 was received annually from saloon licenses and the total revenue was about \$91,000.00. The last administration increased the revenue from the water plant from about \$15,000 annually to about \$36,000 annually and the present annual revenue of the city is about the same as it was when we had saloons. Not a bad record even for the aldermanic form.

The figures I use are from the City Hall and I am advised are dependable. Last spring we elected a mayor and commissioners. They are generally conceded to be men of high character and of broad experience. Now, when the commission form has been in operation only four years and after having just recently elected a mayor and commissioners without giving the commission form a fair opportunity to demon-

strate its advantages or disadvantages and without giving any chance to the new administration to make good we are asked to discard the new form which in the opinion of all publicists gives great promise of betterment in city government and to return to the aldermanic form which every authority on American government condemns unsparingly.

**Why?**

If it is to save money, the expense of an election for new city officers will add \$3,000.00 to the floating indebtedness in addition to the increase occasioned by the coming election and whereas under the commission form we have an election every four years we would have an election every two years or possibly every year under the aldermanic form.

If it is to give the people more power in connection with the franchise questions, the public should understand that under the commission form no franchise can be granted a corporation except by a vote of the people while under the aldermanic form the franchise can be had direct from the council without the consent of the people who cannot prevent its being granted.

**The School Question.**

If it is because the mayor as ex-officio president of the Board of Education has displeased some one the public should not forget that next year the Jacksonville school district will go under the general law and the mayor, as such, will have nothing to do with the school board.

If it is because some one fears a bond issue it should be remembered that bonds can only be issued upon a vote of the people and can never be issued to pay floating indebtedness or current expenses. If it is in response to an overwhelming demand from the public the petition for the election does not disclose it. The petition does not show that this election was requested by either the Chamber of Commerce, the business or professional interests, organized labor, the schools or churches or by Jacksonville's lawyers, doctors, preachers, teachers, or other professional men or by her business men or bankers. One cannot examine that petition without wondering who is asking this change and why, and what are the real motives behind the men behind the guns.

**Amounts to Recall.**

This campaign apparently for a change in the form of government is at the same time a recall or ouster of the mayor and commissioners. If you vote for the change you vote against the men you selected last spring. The mayor and commissioners are subject to recall either singly or collectively. If you change your form of government you will go back to the same old form we discarded in 1911 with aldermen either two from each of seven wards or three elected under minority representation from each of the four old wards—the system of minority representation is unanimously condemned by every one who has studied it and take a chance on the men to be elected to the council and city officers without any right to recall any of them or to control any legislation.

The debt of the city was reduced \$23,000.00 by the last administration. The city revenue was increased to the same amount as it was prior to 1906 when we had saloon licenses. The present administration has had no opportunity to earn the approval of the public.

**Why upset everything at this time to go back to that form of government termed by Bryce "The one conspicuous failure in the United States?"**

**Initiative a People's Weapon.**

Dr. Edward Bowe was the next speaker and said that while he agreed with Mr. Hairgrove in some things, that he had read over his remarks at the meeting recently, and that this was certainly not a time for jokes—that questions of too much importance were underneath the surface in the present question. "Mr. Hairgrove and I belong to the same party," he said, "and I was greatly surprised to hear him sobbing about Democracy a few years ago and then agitating a return to the old form of government and rebelling us of certain Democratic principles and privileges for which he and I have both stood. One of the most important matters at stake in this election is the right conferred upon the people by a certain section in the commission form law which gives them the privilege of initiative legislation if they so desire and of demanding a vote of the people upon any ordinance. This provision is a distinctive protection to the people and embodies a principle endorsed by an organization to which I have been a contributor and to which Mr. Hairgrove has been a contributor. In this discussion we should forget all about the 'wet' and 'dry' issue. We should forget about Mr. Hairgrove. We should forget whether or not present officers reduced their salaries or whether they made the appointments and I don't get them and told the council about it, but because of a leak in the roof I didn't immediately seek to tear down the house. In other words, we should lay aside all our prejudices in considering this matter. Ever since the commission form of government became effective in Jacksonville and all of the officers did not do the bidding of the utility company there has been trouble on the horizon. There is trouble because there is a realization that the people must vote upon the question in which the company is vitally interested.

**Danger from Indifference.**

"I remember hearing in this very room a representative of the company say that the local light question would be taken up before the commission and settled in a satisfactory way without one bit of expense or trouble on the part of the city. Yet what have we found with the battle going on for sixteen months, and the records showing the company's capital stock to the

CHARLES A. JOHNSON,  
DIRECTORS.

amount of \$1,020,000 based upon an actual investment of about \$400,000. When the commission, after this exhaustive hearing, fixes the rate, then the company must come back to the people and ask for a franchise, and hence there comes this great movement to destroy the right of initiative and referendum. Take away the commission form of government and this question of franchises is up to the judgment of the aldermen you elect—the aldermen over whom you have no control after election day. I am apprehensive about this whole matter just because of the indifference of the people, many of whom are now asleep. As to this matter of salaries, some men would be cheap for the city at \$5,000 and other men would not be worth forty cents. Underlying this question of a return to the aldermanic form of government, the city faces the greatest financial problem that has ever been before it. In the hearing before the commission it has been shown that the McKinley syndicate has taken out of the city for the last six years for its sinking fund a sufficient sum to pay the whole bonded indebtedness of Jacksonville. It is time, I say, for the people of this city to wake up and to realize the conditions. After all the work that has been done in the present hearing, after all the showing that has been made officers of the company have the effrontery but a short time since to come down and ask us to compromise the case, and that offer of compromise included the turning over to them of the plant which furnishes our city light and with which the water supply is pumped.

**Unfair to Change Now.**

"I don't claim to know all that there is behind this election, but I do know that in the past we have had aldermen and aldermen, and that the questions facing us are too serious to permit of our electing twelve or fourteen men and experimenting with what they may do in this matter. I do not question the right of the people who signed the petition and who understood exactly what the meaning of the petition was, but I do object to back-biting and the effort to stir up strife and jealousy between different parts of the city. Certain of us have borne the brunt of the hearing which has been in progress for sixteen months, and the result of which means much to every citizen and I ask you if it would be fair to the petitioners in this case to make a change of government at this time and so change the law that the utility company would no be amenable to the people but simply to a board of aldermen. There is no reason, either, in stirring up all this matter just because one man's feelings have been ruffled and he has gotten himself into a puffed state of mind. And then, too, I ask you, is it fair before officials have hardly gotten their chairs

## BRAVES DIVIDE DOUBLE HEADER WITH PIRATES

BOSTON LOSES FIRST GAME AND TAKES SECOND.

Adams is Effective in First While Nehf and Barnes are Both Hit Hard—Rudolph is Steady at Critical Times in Second.

Pittsburgh, Sept. 10.—Boston lost the first game of today's double header to Pittsburgh by a score of 8 to 1, but evened up by taking the second 3 to 2 in ten innings. Adams was effective in the first game, while Nehf and Barnes were both hit hard. In the second contest Rudolph was steady at critical times.

### 'MORNING GLANCES' (By Gosh)

Philadelphia defeated New York yesterday by a score of 7 to 3. Up to the eighth inning the game was close being 3 to 2 in favor of Philadelphia. In that inning Cravath hit one over the center field wall with three on and put the game on ice.

The Red Sox won from Philadelphia yesterday, 7 to 2. The American league leaders recovered their batting eyes and touched up Wyckoff in only two innings. He was hit consecutively. Philadelphia's two runs were made in the fifth inning.

Hugh Bedient kept Kansas City's seven hits well scattered yesterday while Buffalo bunched hits off Main and won, 3 to 1.

PLAY 11 SCORELESS INNINGS.  
Toledo, O., Sept. 10.—The Brooklyn Nationals and the Rail Lights, a railroad semi-professional club played eleven scoreless innings here today. The game was called on account of darkness. Only 36 men faced Baxter, former pitcher in the Southern Michigan league, only seven of these went to first.

Score: R. H. E.  
Brooklyn . . . 000 000 000—0 4 0  
B. Lights . . . 000 000 000—0 4 3  
Combs, Dell, Appleton and Wheat and Baxter and Wade.

A Henthorne of the vicinity of Baylis was among the business arrivals in the city yesterday.

## BOSTON WINS EASILY FROM PHILADELPHIA

RUTH IS BAFFLING EXCEPT IN TWO INNINGS.

St. Louis Wins Postponed Game from New York—Cleveland Defeats Detroit.

Boston, Sept. 10.—The Boston Americans gained their batting eyes today and won easily from Philadelphia, 7 to 2. Ruth was baffling, except in two innings, the fifth, when Melonis' single, Oldring's double, and a wild pitch scored the Philadelphia runs and the ninth, when he let up for several moments, but regained control. Score:

St. Louis, Sept. 10.—New York and St. Louis played off a postponed game here today which was won by the visitors, 3 to 1.

Vance, a recruit from St. Joseph, Mo., started his first game for New York and made a good impression but New York could not hit Hamilton. Score:

St. Louis 10 10 10 0 0 0—3 6 0  
New York 0 0 0 1 0 0 0—1 7 1  
Hamilton and Severeid; Vance and Krueger.

Cleveland, 6; Detroit, 2.  
Cleveland, O., Sept. 7.—Ineffective pitching by James and Coveloskie allowed Cleveland to defeat Detroit 6 to 2. Kieffer kept Detroit's seven hits well scattered. Smith's hits and sacrifice flies accounted for four of Cleveland's runs. Score:

Cleveland . . . 10 10 1 1 2 0—6 9 3  
Detroit . . . 0 0 0 0 1 0 10—2 7 3  
Kieffer and O'Neill; James, Coveloskie, Oldham and Stange, Baker.

McFarland and Gibbons to Fight in New York Tonight

Pugilists Will Weigh in at 147 Pounds This Afternoon at 3 O'clock.

New York, Sept. 10.—Although no championship is at stake and neither of the contestants holds a title, the ten round bout between Packey McFarland, of Chicago, and Mike Gibbons, of St. Paul is more talked of than any pugilistic event that has taken place here since the closing days of the Horton law, fifteen years ago. The men will meet at the Brighton Beach motorhome tomorrow night and are to weigh in at 147 pounds tomorrow afternoon at three o'clock.

The fact that the promoters of the bout have deposited \$32,500 in the hands of the stakeholder has dispelled any doubts that may have existed as to the genuineness of the battle.

Gibbons is a slight favorite, for the main reason that he has been fighting right along, while McFarland has not taken part in a ring battle for some time. His long absence from training has caused many to believe that he needs a bout or two in order to bring him up to a fight with a man of Gibbons' caliber.

Both men have trained carefully and earnestly, each apparently believes he will win.

There has been a big advance sale of seats for the event and there is every indication that the attendance will far outnumber any which has been seen at bouts in the open in this vicinity.

In physical measurements Gibbons has some advantage over his opponent. He is five feet nine inches in height, to McFarland's five feet seven inches, and in arm reach he has 3 inches the better of it, his reach being longer.

In chest measurement McFarland is superior.

Pittsburgh and Boston broke even in a double header yesterday, the Pirates winning the first game while Boston took the second. In the first game Nehf and Barnes were hit hard while Adams was tight in the pinches and in the second Rudolph was master of all critical situations. Uncle Hans Wagner got a three bagger in the second game and made one of the Pirates two runs.

BLOSSOM WINS MEDAL.  
Greenwich, Conn., Sept. 10.—F. R. Blossom of Yale won the medal in the qualifying round for the intercollegiate individual singles golf championship over the links of the Greenwich country club here today, with a score of 135.

The total was one stroke better than that of Louis L. Brodin of Yale and John M. Simpson of Illinois.

## MURPHY TAKES TWO RACES AT HARTFORD

LULU LUMINE CAPTURES THE 2:11 TROT.

Tramp Wright Takes 2:15 Trot in Straight Heats—Camelia Wins 2:14 Pace, in Which Murphy Gets Second With Hal S.

Hartford, Conn., Sept. 10.—Tommy Murphy had another big day in the final afternoon's card of racing at the Grand Circuit meeting at Charter Oak park. He captured two firsts and one second in three races on the program, after cleaning up the card yesterday.

For the first time since Murphy bought the bay mare, Lulu Lumine, at a reported price of \$12,500 almost two years ago he managed to pilot her to a win, capturing the 2:11 trot in straight heats with Earl Wood L., second in each instance. He also won the 2:15 trot with Tramp Wright in straight heats, while Walter Cox took the third race, the 2:14 pace, with Camelia; Hal S., driven by Murphy taking second money.

Summaries:  
2:11 trot; best 3 in 5; purse \$2,000  
Lulu Lumine (Murphy) . . . 1 1 1  
Earlwood L. (Crozier) . . . 2 2 2  
Bronson (Graves) . . . 3 3 3  
Best time—2:06 1-4.

2:14 pace; best 3 in 5; purse \$2,000  
Camelia (Cox) . . . 1 1 1  
Hal S. (Murphy) . . . 2 3 2  
Budd Elliott (Geers) . . . 5 3 2  
Best time—2:04 3-4.

2:15 trot; best 3 in 5; purse \$1,000  
Tramp Wright (Murphy) . . . 1 1 1  
Kitty L. Bellini (Rodney) . . . 8 5 2  
Almah (Carpenter) . . . 9 2 7  
Best time—2:09 3-4.

Great Western Results.  
Hampe, Minn., Sept. 10.—The Great Western races furnished excellent sport for a large crowd today. Results:

2:12 trot; purse \$1,000. Alice Arion, won; Governor Mason, second; Lucy Patchen, third.

2:13 pace; St. Paul; purse \$3,000. Lillian T., won; King Dillard, second; The Counterpart, third. Best time 2:11 1-4.

Patchen, won; The Proof, second; Tomolack, third. Best time—2:14 3-4.

Three year old pace; purse \$600. Ebenezer, won; Wood Patch, second; Alex Merriman, third. Best time—2:12 1-2.

Free-for-all pace; purse \$1,000. Braden, Direct, won; Walter Cochato, second; Dom Densmore, third. Best time—2:06 3-4.

2:18 trot; purse \$1,000; Guy Nixon, won; Miss Pinkerton, second; Roan Roy, third. Best time—2:14 1-2.

FAVORS COMPLETE PREPAREDNESS.  
Philadelphia, Sept. 9.—Declaring its belief that prosperity is to be large degree dependent on the confidence with which men with enterprises are enabled to view the stability of constructive investments the national federation of trade press associations in annual convention today adopted a resolution favoring "complete preparedness for the protection and defense of our country to be established on a permanent basis as rapidly as practicable."

FAT STOCK SHOW DOOMED.  
Kankakee, Ill., Sept. 9.—The Illinois Fat Stock show at the State fair is doomed. The state board of agriculture which met here today decided that it would be dangerous to exhibit cloven-hoof animals during the hoof and mouth epidemic. The horse show will be held as usual.

EXHUME BODY OF MRS. DAVIS.  
Jackson, Ky., Sept. 9.—Carrying out orders of the Breathitt circuit court, physicians today exhumed the body of Mrs. Polly Davis, of Portsmouth, this county, who is said to have died under peculiar circumstances. Miss Mamie Hamlin, a daughter-in-law of a former attorney general of Illinois has been indicted in the case.

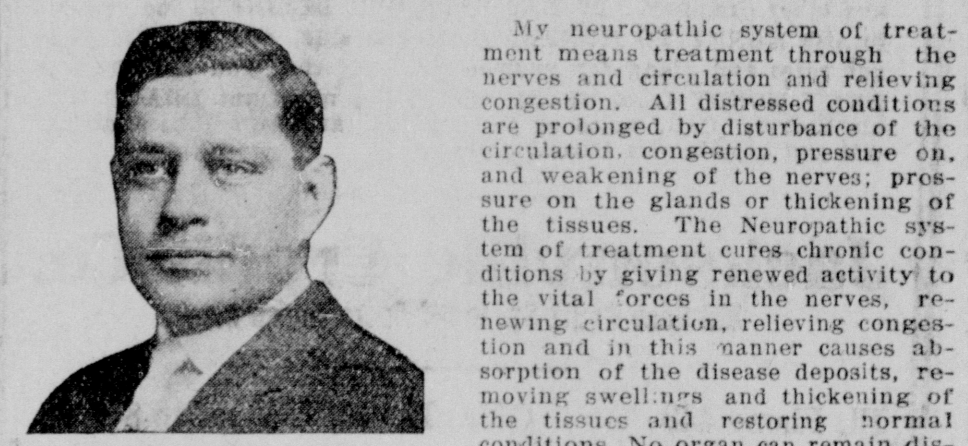

Mrs. Prive and daughter who have been visiting friends and relatives here have returned to their home in Louisiana, Mo.

## I Treat Chronic Disease

WITH MY NEW NEUROPATHIC SYSTEM OF TREATMENT, I WILL BE AT THE HOTEL DUNLAP FROM 9 A.M. TUESDAY, SEPT. 14, UNTIL 4 P.M. WEDNESDAY, SEPT. 15.

IF YOU SUFFER, COME AND CONSULT ME FREE

Dr. Edwin O. Gable.

My neuropathic system of treatment means treatment through the nerves and circulation and relieving congestion. All distressed conditions are prolonged by disturbance of the circulation, congestion, pressure on, and weakening of the nerves; pressure on the glands or thickening of the tissues. The Neuropathic system of treatment cures chronic conditions by giving renewed activity to the vital forces in the nerves, renewing circulation, relieving congestion and in this manner causes absorption of the disease deposits, removing swellings and thickening of the tissues and restoring normal conditions. No organ can remain diseased when the blood is circulating normally through it. This is the principal on which this treatment is founded. No disease should be incurable as long as the tissues are not too badly destroyed. Disease and weakness in any portion of the body should be curable up to that stage. I have had the greatest success in curing many cases of all manner of weakness and nervous troubles of the heart, pain around the heart, shortness of breath, palpitation, irregular pulse and fainting spells. Read what Mr. Watkins has to say.

April 21, 1915

To Whom It May Concern:— I had been a sufferer with asthma and heart trouble since childhood and for the last four years had suffered agonies with it almost continuously. I could not sleep nor work and on the slightest exertion would have to gasp for breath, had smothering spells and dizzy spells and at times felt that the end had come. I had tried many doctors and treatments without any benefit, but three months ago I decided to consult Dr. E. O. Gable and started treatment with him, and since then have improved steadily and am now feeling fine, have no more of the awful symptoms and know that I am cured. I can honestly and cheerfully recommend any one suffering as I did to him for honest treatment, for he has done wonders for me.

J. H. WATKINS.

R. 6, Mattoon, Illinois.

This is but one of the many cases that show the great cures I am making with this new system of treatment.

I have had wonderful success in curing all curable forms of kidney troubles, congestion of the kidneys, Backache, Clogging up of the Kidneys, Irritation of the Bladder, Catarrh of the Bladder, Pain in the Bladder, and all weaknesses connected with these organs. I have had great success in curing Rheumatism, both acute and chronic, cleansing the rheumatic poison from the blood, creating new, healthy conditions, so that they are completely cured. It is very successful in blood diseases, skin troubles, such as Eczema, Pimples, etc. It gives immediate relief to Stomach Troubles, Dyspepsia, Fer

**REORGANIZATION COMMITTEE BUYS C. I. & W. ROAD**  
Indianapolis, Ind., Sept. 9.—The joint reorganization committee representing 90 per cent of the bond holders of the Cincinnati, Indianapolis & Western railroad purchased the road for \$3,500,000 at a public auction here today. The one bid represented \$3,500,000 in mortgage as held by two trust companies of New York. The railroad extends from Hamilton, Ohio, to Springfield, Illinois, and is now being operated by the C., H. & D. railroad.

## WORLD'S MARKET NEWS

**VIRTUAL EXHAUSTION OF CONTRACT STOCKS RAISES WHEAT**

High Premiums for Immediate Delivery Cause General Covering by Shorts—Corn and Oats Gain.

Chicago, Sept. 10.—Wheat made a sharp advance today, influenced chiefly by the virtual exhaustion of contract stocks here and at some other leading centers. The market closed strong 1 1/2c to 4 1/2c net higher with September at 99 1/2c and December at 94c.

Corn finished 3/4c to 1/2c up. Oats with a gain of 1/2c to 3/4c. In provisions the outcome varied from 5c decline to a rise of 12 1/2c. High premiums for immediate delivery of wheat caused general covering by shorts, especially in the September option the extreme scarcity of No. 2 red winter here was shown by the payment of 18 1/2c a bushel premium for that grade on the spot as compared with ordinary September contracts.

Corn ruled firm with wheat and as a result of cooler weather with some reports of frost. At one time the market was depressed by rather lively commission house selling out the effect failed to last.

Oats were firm throughout the day. Offerings from the country proved very small. Flors at the highest prices of the year tended to lift provisions. Packers, though, turned sellers at gave a check to any decided upturn in lard or meats.

## SPOKANE AUTOIST USES NEW METHOD AGAINST ROAD HOGS

Dr. Marks Tells How He “Fooled”  
Driver Who Would Not Let Him  
Pass.

Spokane, Wash., Sept. 10.—Auto-  
mobilitis who suffer from the activi-  
ties of the “road hog” are recom-  
mended to Dr. A. L. Marks of Spo-  
kane, who by close study of the  
science of grenade throwing as prac-  
ticed in European trench war-fare,  
thinks he has evolved a sure offen-  
sive weapon against the driver who  
will not turn out to allow cars be-  
hind him to pass. The scheme has  
not been patented, and is said by its  
originator to combine certain sport-  
ing pleasures with utility. Ever since  
the early part of the summer Dr.  
Marks has had trouble with “road  
hogs.” When he came back from  
San Francisco Exposition the doctor  
brought along a quantity of vesicif-  
erous torpedoos. They were of the kind  
used by children on July 4, but large  
and powerful. Some of these were  
in his pocket when he took a recent  
trip to Mount Spokane. An un-  
usually obstinate driver was ahead of  
him on the road to the mountain.  
He refused absolutely to yield  
enough of the road for the doctor’s  
car to pass. Then one of the tor-  
pedoos landed between his back  
wheels. Dr. Marks had, as he swept  
by a fleeting view of the former  
“hog” dismounted at the side of the  
road examining every tire for the  
blowout he was sure he heard. Tor-  
pedoos are part of the doctor’s equip-  
ment now on every long trip he  
makes.

WEDS ENGLISH ARMY VETERAN  
London, Sept. 10.—Miss Sylvia de  
Grasse Fox, daughter of Mrs. de  
Grasse Fox of Philadelphia, became  
the bride here today of Capt. Cecil  
Arthur Shaw of the British army.  
The bride’s mother before her mar-  
riage was Miss Harriet Biddle. The  
bride and groom will live at Alder-  
shot, where Capt. Shaw is stationed.  
He is a veteran of the Boer war,  
and has been at the front in France.  
Miss Fox is one of the most beau-  
tiful women of the American colony  
in London.

## MISS HERMAN RELATIVE OF CHIEF JUSTICE OF ENGLAND

Local Woman a Cousin of Head of  
Anglo-French Commission Now  
in New York to Arrange for For-  
eign Loan.

Although Mrs. J. Herman is close-  
ly related to one of the great men  
of England she is by no means at  
all lifted up or exalted over it but  
bears her honors meekly and with  
quiet grace.  
The dispatches yesterday an-  
nounced the expected arrival in New  
York of Baron Reading, Lord Chief  
Justice of England and chairman  
of the Anglo-French commission  
bankers, coming here to arrange for  
a large foreign loan. The noted vis-  
itor is an own cousin of Mrs. Her-  
man. His father and her father  
were own brothers and the fami-  
ly name was Isaacs. Mrs. Herman’s  
father being named Isaac Isaacs. As  
a boy and young man the noble vis-  
itor was known as Rufus Isaacs.  
The Isaacs family for generations  
back lived in London where Mrs.  
Herman was born. Her father was  
a well to do business man and saw  
great opportunities in America and  
especially in Chicago and there he  
went when Mrs. Herman was less  
than two years old. With fine fore-  
sight he saw the future of the great  
city and invested largely in real  
estate and among his possessions  
was a block of dwellings on the  
north side of the city and while he  
was away negotiating some deals he  
dropped dead from heart disease  
while in a New York hotel. He left  
his family comfortably fixed but the  
great fire of 1871 wiped their pos-  
sessions out in a night and they  
had to stand by and look helplessly  
at the flames and the insurance com-  
panies were unable to pay the loss  
but the widow was brave and reared  
her family all right. She often  
used to say that she expected Rufus  
would one day attain to eminence  
for he showed wonderful natural  
abilities. He studied law, rose rap-  
idly to be the King’s counsel and  
in due time was knighted and now  
holds the exalted position of Lord  
Chief Justice of England thus ful-  
filling the expectations of his rela-  
tives.  
Charles Middleton and family of  
the west part of the county were in  
the city yesterday.

## Efficient Housekeeping BY HENRIETTA D. GRAUEL.

HENRIETTA D. GRAUEL

### ROADSIDE GIFTS.

We are all  
primitive enough  
pleasure when we  
succeed in forag-  
ing a meal or  
even a taste of  
anything edible  
from nature. So  
with heavy skirt,  
broad brimmed  
hat and arms pro-  
tected, by stock-  
ing tops, from  
thorns and briars,  
everyone who has  
a chance goes  
berrying. The  
berries are gone  
weeks ago, but  
one must have  
some excuse, and there are other  
things, one hopes, that will be worth  
bringing back.  
In many sections wild grapes are  
abundant; to be sure one has to climb  
like a monkey to reach them, but  
their flavor is wonderful when they  
are cooked with cultivated grapes or  
apples.  
Often the grape vines twine about  
haw trees and then instead of reach-  
ing ones’ arms out of joint you merely  
scratch yourself on thorns and  
ragged twigs. But red and black  
haws are exquisite in jelly; they are  
worked up just as any fruit is, but  
the taste of them is unlike anything  
else in the world, so scratches are  
not counted.  
One of our girl neighbors had a  
young man caller last Sunday even-  
ing, when all she had for tea was  
fresh milk, haw jelly and bread. She  
let him make toast and with it well  
buttered and jellied they feasted.  
He was mightily impressed and  
spread the fame of the sweet  
throughout the summer colony, so  
now the haws are all picked for this  
season, at least in our neighborhood.  
A few elderberries are still to be  
had and they are finest in pies when  
they are covered with maple syrup  
instead of sugar and eaten warm with  
cream.

The persimmons have not been  
frosted sufficiently to be sweet; they  
are like some persons who need ad-  
versity to bring out their innate  
goodness. When they are ripe  
enough make them into marmalade.  
Then there are sure to be thorn  
apples in any well-furnished country  
side and they make a transparent,  
fine apple preserve.  
You will find mushrooms growing  
everywhere this season and when you  
see them listen to the warning of  
your rural friends—“You city folks  
will surely poison yourselves if you  
don’t look out.”

### Questions and Answers.

Have heard that if ginger is  
served with canteloupe there will be  
no danger of cholera if one over-in-  
dulges. What sort of ginger is  
meant?—Ill.

Reply—The old-fashioned Jamaica  
ginger, I suspect as good a reme-  
dy as was ever thought of for stom-  
ach-ache, but perhaps preserved gin-  
ger or ginger-flavored syrup might  
be sprinkled over the fruit.

May I please have a recipe for Lady  
Baltimore Cake?—Maryland.

Reply—Cream one-half a pound of  
powdered sugar with one-fourth of a  
pound of butter; add three unbeaten  
eggs, one at a time, beating each one  
in thoroughly. Then add alternately  
three tablespoons of water and  
two cups of sifted flour containing  
two teaspoons of baking powder. Add  
flavoring and bake in layer tins.  
Finish with frosting and put chopped  
raisins, currants and nuts in the  
filling.

I have a cut glass vase with small  
opening and broad base that is badly  
discolored from water and flowers;  
can you tell me how to clean it?—  
Bride.

Reply—Put a handful of shot or  
smooth clean pebbles in the vase and  
pour on vinegar. Shake this fre-  
quently and when the glass is clear  
empty and wash in warm soapsuds.

### CASES OF INTEREST

#### Reduction in Wage Scale (West & Co.)

One who employs union labor at  
the wage specified in a notice re-  
ceived by him from the union may  
recover the loss sustained by con-  
tinuing to pay at that rate, where  
the union has reduced the rate with-  
out notice, according to the ruling  
in Powers v. Journeymen Bricklay-  
ers Union, 172 S. W. 284. The union  
had absolute control of the labor  
market in respect of the services  
of bricklayers, fixed the term of em-  
ployment and the wages, and the  
bricklayers all had agreed thereto  
by becoming members of the union  
which exercised this power. The  
result was that the complainant was  
bound to accept these terms if he  
employed any of their men. He  
could employ no other. Possessing  
the power, as it did, to make it im-  
possible for the complainant to em-  
ploy any member except on terms  
fixed by it, and having assumed obli-  
gation to give notice of the terms  
on which contractors were author-  
ized to reply, the duty was likewise  
imposed on the union to give notice  
of any change made in these rates  
which would affect the rights of  
contractors, justified in acting un-  
der a previous notice. When the  
union so issued a notice, knowing  
it would be relied on, and it was re-  
lied on by the contractor to his pre-  
judice because of a subsequent  
change made without notice, the li-  
ability arose against the union to  
make good the injury so caused.  
The notice of the rate fixed for a  
year was a continuing representation  
on the part of the union that such  
was the agreed basis of contract with  
the men for the whole year, and  
upon a subsequent change of the  
basis without notice to the contrac-  
tor, such former notice thereafter  
operated as a continuing misrepresen-  
tation, and, being relied on by  
the contractor to his prejudice,  
raised a cause of action against  
the party making such misrepresen-  
tation—that is, the union. The fail-  
ure to give notice of the change in  
the rate naturally resulted in such  
damage as is claimed by the com-  
plainant in the present case, and of  
this the union was bound to take  
notice.

#### EXECUTOR’S NOTICE.

Estate of William F. Long, De-  
ceased.

The undersigned, having been ap-  
pointed Executor of the last Will and  
Testament of William F. Long late  
of the County of Morgan and State of  
Illinois, deceased, hereby gives notice  
that she will appear before the Coun-  
ty Court of Morgan County, at the  
Court House in Jacksonville, at the  
November Term, on the first Monday  
in November next, at which time  
all persons having claims against  
said estate are notified and request-  
ed to attend for the purpose of hav-  
ing the same adjusted.  
All parties indebted to said estate  
are requested to make immediate  
payment to the undersigned.  
Dated this 4th day of September,  
A. D. 1915.

Ada Long, Executrix.

### AUTOMOBILES

A. A. Curry and wife were in the  
city yesterday from Pisgah in their  
White Gas car.

Rev. Mr. Dixon was in the city yester-  
day in his Ford car on his way  
home to Carrollton from Havana.

Rev. C. G. Cantrall of Litterberry  
was an arrival in the city yesterday  
in his Ford car.

Thomas Graves of the west part of  
the county came to town yesterday  
in his McFarlan 6 car.

G. W. Peak of the city of Win-  
chester made a trip with his family  
to the city yesterday in his Ford car.

A tourist from Forest City passed  
through the city yesterday in his  
Ford car on his way to Louisiana, Mo.

George Deweese of Berea vicinity  
made a trip to the city yesterday in  
his Ford car.

Mr. and Mrs. Scott Gordon and  
Mrs. H. L. Gordon and son Mart, all  
came in from Lynnville yesterday in  
Mr. Gordon’s Carter car.

A. J. Smith of Carthage, Ill., passed  
through the city yesterday on his  
way to Decatur in his Reo car.

J. B. Beekman and family visited  
the city yesterday from Pisgah in  
their Ford car.

J. A. Birdsell from the east part  
of Sangamon county passed through  
the city yesterday in his Page car.

Mrs. J. J. Lukeman and Dorothy  
came up from Franklin to the city  
yesterday in their Ford car.

### BEGIN WORK ON PHILADELPHIA SUBWAY

Philadelphia, Sept. 10.—A big  
gathering of citizens at the City  
Hall plaza will tomorrow witness  
the beginning of actual work on the  
Broad Street subway. Mayor Blank-  
enburg has invited the public to  
the ceremonies which will inaugurate  
rapid transit work.

### AVIATORS CARRY MAIL AT FAIR

St. Paul, Minn., Sept. 10.—The  
postmasters of St. Paul and Minne-  
apolis will tomorrow swear in as  
letter carriers two aviators. The Air-  
letter will carry sacks of mail from  
the grandstand of the Minnesota  
State fair to the Postoffice for im-  
mediate distribution. City and state  
officials will exchange greetings via  
the air route.

JACKSONVILLE'S  
Grand Opening and Fall  
Fashion Festival  
Wednesday, Sept. 15th

The following prominent merchants of Jacksonville are uniting to make this special event  
the greatest display of strictly new and up-to-date merchandise, for both wear and use, ever  
shown in Central Illinois. Come out and view these beautiful window and interior displays.  
They will be interesting—magnificent.

### ARGUMENTS ARE MADE FAVORING COMMISSION FORM OF GOVERNMENT

(Continued from page four.)

warm that they should be attacked and an effort made to turn them out of office?"

T. M. Tomlinson said that he would not make a speech—that Dr. Howe had covered the ground so well and thoroughly. Mr. Tomlinson said that he was satisfied with the men elected and believed that they were devoting the time necessary to city affairs and that they would not draw salaries any larger than their services were worth. He referred to the good work done by the previous administration in developing the light plant and said that he knew Mr. Brennan sometimes worked sixteen hours a day and that he thought that present officers would be willing to spend their time just as unreservedly. The speaker thought it would be the height of injustice to make any change at the present time.

**Vote Not For Lower Salaries.**

Because of an impending storm Thomas Worthington, who was the last speaker, was compelled to make his remarks shorter than would otherwise have been true. Mr. Worthington started with the statement which is proved by the history of city government that the aldermanic form is considered generally to be a failure. He said that he had read widely on this subject and all writers of any prominence agreed in this statement. Locally he said there had been some good men and some men not so good in office, and he referred to the frequent wrangles in city councils which had seriously interfered with the progress of the city. He declared that the argument that the commission form of government is too expensive lost force because at the last election the question of a reduction of salaries was put up to the people and lost. He made the point that if the people do desire that lower salaries be paid that they still have the right under the law to frame an ordinance which will make necessary the reduction of salaries.

He said that the officers were elected evidently because they had the confidence of the people and that from his observation they had made a good start in the management of city affairs. Mr. Worthington said that judging from the stories and reports he had heard, that one of the main motives in bringing the present election was the ruffled state of mind of a certain "honorable gentleman," who because of his displeasure was spending his time in "cussing" the administration. He said he didn't use the word literally but in the meaning that lawyers have when they use it about some unfavorable court decision. Mr. Worthington urged the desirability of abolishing ward lines and thus giving more representative government, as the people were thus enabled to vote for all the men who represent them rather than simply for their own ward aldermen.

He considered that the commission form was a distinct step toward the abolishment of ward politics and that a city that was above ward politics was far better off. "To change the government so suddenly now after an administration is just started would be to Mexicanize Jacksonville," Mr. Worthington declared, "and it would be a creditable thing to turn down men who had just been elected to office and who certainly have done nothing disgraceful or dishonest." Then Mr. Worthington referred to the utility matters as "a more serious problem," underlying the present election. He reviewed something of the facts relating to the present hearing, referring to the active part that Dr. Bowe, Dr. Baker and the chamber of commerce took in bringing the question before the commission. Then Mr. Worthington presented the figures given below to indicate that the local utility company has been taking out of revenues that are not commensurate with the actual investment. He said the company had rights and should not be dealt with harshly, but at the same time it was important to keep the present council in power because of the known wish to see to it that the public and company are both treated fairly.

**Utility Hearing Figures.**  
Net profits turned over to Illinois Traction company in four years after deducting operating expenses and taxes, \$146,000.00.

The local company pays to the Illinois Traction company more than \$6,000 per year for the office help of the Illinois Traction company, in addition to paying the office help in Jacksonville.

As a part of its values, it is claiming credit for about \$45,000 for street paving over its gas mains, when it has never paid one dollar for putting the pavement down.

A sample of the items of value they seek to earn returns on, are one engine purchased a few years ago:

Cost of Engine	\$5,000.00
Freight, about	412.00
Hauling from car to plant	500.00
Cement for foundation	381.00
Labor for installing, about	1,811.00
Incidentals	3,487.00
<b>Totals</b>	<b>\$11,591.00</b>

The utilities claim a value upon which they should have returns of something over one million dollars. The public utilities' engineers give the present value at a little over \$400,000.00.

In 1911, the expense of operation, was \$97,034.00  
In 1914, the expense of operation, was 135,459.00

Increase in expenditures in 4 years, \$38,425.00  
For the same years the gross income was, \$11,184,691.00  
For the same years the gross income was, \$14,202,416.00

Increase in income in 4 years, \$17,725.00

**REAL ESTATE TRANSFERS.**

Fannie S. Cully to Felix G. Sims, pt. lot 6 Elm Grove addition to Jacksonville, \$1.

### CHICAGO ALDERMAN MAKES ARGUMENT AGAINST MILITARISM

Mr. Kennedy Declares Capitalism is Basic Cause of Great War—Believes in Preparations for Peace.

William Jennings Bryan is not the only orator touring the country at the present time opposing increases in our army and navy. John C. Kennedy, the well known Socialist alderman of Chicago attacked militarism last night before a large crowd assembled at Central Park. Alderman Kennedy declared that the European War was the most terrible crime in human history—and that the United States is heading straight into another war of equal magnitude if the mass of the people do not speedily awaken to the situation and exert their power at the ballot box to overthrow the militarists and jingoists.

One of the statements made by Professor Kennedy was that the capitalist system of industry which prevails in the leading countries of the world, is the fundamental cause of modern wars. He said the capitalists who control the principal industries are constantly seeking wider markets for their goods. They cannot sell all of the goods in the home market because their employees are underpaid and unable to buy the goods even though they need them badly. Therefore the capitalists of the various countries are struggling for foreign markets where they can dispose of surplus goods which they cannot sell at home. This struggle for markets leads to war, and in fact it is the fundamental cause of the present European war. The principal European rivals for the world's trade are Germany and Great Britain. Hence the great bitterness between the ruling classes of those countries.

"Another great cause of war," said the Alderman, "is the great profit made by the manufacturers of armor-plate, guns and powder. The concerns that manufacture war materials also manufacture war scares and arouse the people of one country against those of another. The greater the rivalry between the nations the better will be the market for war supplies."

**Make Rich Foot the Bill.**

"The poor people of the country, the working-people, do not want war. They are the ones who must face the machine guns and fill the trenches, while the rich stay at home and pile up profits. If the rich are so anxious to prepare for war let the rich foot the bill."

"The militarists and jingoists say that the way to maintain peace is to prepare for war. If that were true, then Germany and Great Britain should now be absolutely at peace, for the former had the most powerful army and the latter had the most powerful navy on the face of the earth. We Socialists say that the way to maintain peace is to prepare for peace. If one tenth the time, thought, energy and money were spent preparing for peace that is now spent preparing for war, peace would be assured among the nations of the world. We should abolish the private manufacture of war materials so as to abolish the profit which powerful corporations derive from war and the preparation for war. And above all, we must abolish the fundamental cause of modern wars, the struggle among the capitalists of the various countries for the markets of the world."

**PLACES WANTED FOR STUDENTS.**

Places are desired for students to work for board and room while attending Illinois Woman's college. Can recommend a number of excellent young women. Telephone or call Illinois Woman's college, Main Office.

**THE VETERANS ARE THANKFUL.**

At a regular meeting of Matt Starr Post the following resolution was unanimously adopted:

Resolved, that the thanks of this post be tendered to the following gentlemen who kindly furnished cars to carry the comrades to Woodson on Aug. 15, to attend the funeral of our late comrade C. E. Henry, namely:

R. P. Stevenson, Mayor H. J. Rodgers, Charles B. Graff, George Royce, O. F. Conklin, Sheriff Grant Graff, J. K. Long, Dr. R. R. Buckthorpe, Thomas Harrison, A. M. Masters, D. E. Kennedy, Walter McCormick, Edgar Martin.

**GAVE SHOWER FOR MISS MOSS.**

Mrs. Arthur Moss and Mrs. J. C. Small gave a miscellaneous shower for Miss Jettie Moss Thursday evening. Miss Moss is to wed Elmer Barton Sept. 18. Dainty refreshments were served and Miss Moss was the recipient of many handsome and useful presents.

**Try CLAUS Tea for Ice Tea.**

**OBSERVED BIRTHDAY.**

Friday was the 88th birthday of Johnson Sheppard, who still resides on his farm near Woodson. Members of the family planned to spend the day with the old gentleman and he was in the receipt of many cards from friends who extended congratulations on the important anniversary. Mr. Sheppard is one of the oldest, best known and wealthiest residents of the county.

**THE WORK GOES ON.**

Special Agent W. C. Heaton, of the Burlington, swore out warrants Friday for Trustan Stewart, Wayne Gates and Guy Wood, of Franklin, who were charged with flipping trains. They were taken before Justice Dyer Friday afternoon and fined \$10 and costs each on the charge.

**TO ATTEND EXPOSITIONS.**

Mr. and Mrs. E. Lamb of Route No. 3 expect to leave today for California to attend the expositions at San Francisco and San Diego. They will be gone a month or more.

## THE SECRET OF A SATISFIED SMILE

## I Like Your Rubber Goods

Customers tell us they like our rubber goods because they are made well and wear well. This is the reputation we have been working for, and one that we know we would deserve when we commenced years ago to handle nothing but the very finest quality goods that it was possible for us to purchase. We buy the best rubber good, consequently we sell nothing but the best.

## Armstrongs' Drug Store

The Quality Store. S. W. Cor. Square JACKSONVILLE, ILLINOIS.

JUDGE CARL E. EPLER.

Judge Carl E. Epler of Quincy, Illinois, will speak at the court house on Saturday evening, September 11th, at 7:30 p. m. He will discuss the commission form of government for cities under laws of Illinois and will compare it with the aldermanic form, and with the commission form in some other states.

Judge Epler is an old Jacksonville boy—a son of the late Judge Cyrus Epler, and is ex-county judge of Adams county. Judge Carl E. Epler is a conservative, careful lawyer and will furnish accurate information on the subject of city government laws. He is not an enthusiast, but will furnish, instead of enthusiasm, knowledge which some local enthusiasts lack. Everybody invited to hear Judge Epler. Women are especially invited to attend.—Advertiser.

Mrs. Charles A. Barnes and son, James, are expected home this morning from California where they have been making a visit of several weeks. Mrs. Barnes was injured in a railroad wreck in Colorado a few days ago but was able to continue her journey home.

**A TEXAS WONDER**  
THE Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women. If not sold by your druggist, will be sent by mail on receipt of \$1. One small bottle is two months' treatment and seldom fails to perfect a cure. Send for testimonials from this and other States. Dr. E. W. Hall, 226 Olive Street, St. Louis, Mo. Sold by druggists.—Adv.

### MRS. ADA STRIBLING KILLS SELF BY JUMPING INTO A CISTERN

Body Is Found By Son Friday Afternoon at Home in Ashland—Ill Health Is Given as Cause.

Mrs. Ada Stribling, widow of Jas. T. Stribling, drowned herself in a cistern at her home in Ashland, some time Thursday or Friday morning. The body was found by her son, Lloyd Stribling, and wife about 4 o'clock Friday afternoon. Mrs. Stribling had been in ill health since the death of her husband which occurred in 1912. It is thought that brooding over her condition led her to take her life.

Mrs. Stribling lived alone at her home in Ashland, her two sons, Lloyd and Harry, residing on farms near that town. Friday morning her son, Lloyd, tried to communicate with her by telephone. No one answered the telephone and he became uneasy and went to Ashland with his wife. They found the door of the residence open. Further search revealed the body of Mrs. Stribling in the cistern.

Mrs. Stribling was a well known resident of Cass county. She was notified and went to Ashland. He empanelled a jury and held an inquest and the verdict was rendered in accordance with the facts as given above.

The funeral will be held from the family residence in Ashland Sunday afternoon at 2 o'clock.

### ILLINOIS COLLEGE, Conservatory of Music.

The conservatory of music will have this coming year the same strong faculty which has brought such a large measure of success to the school during recent years. Director Kritch will be glad to confer with students or parents about the courses in piano, violin, voice, theory, cello, public school music, etc. Call President Rammelkamp's office both phones, 454.

### MAN KILLED AT NORMAL

A telephone message received yesterday from Bloomington told of the death of Theodore Lebara. In alighting from a train Mr. Lebara in some way fell beneath the wheels and was crushed to death. A card found in the man's pocket indicated that his home was at 1810 Nicholson avenue, Jacksonville, and the phone message was to find out some further facts about him. There was evidently some mistake as there is no such street in Jacksonville and the directories do not give any such name.

### RATE HEARING TO BE CONTINUED IN CHICAGO THURSDAY

L. E. Fischer on Stand Again Friday—Company Methods of Estimating Values Under Fire.

After another day's grind the Jacksonville rate case hearing was carried over and will be completed in Chicago next week. It was thought that the work of taking testimony would be completed this week. When the noon recess was taken by Commissioner Shaw in Springfield Friday it was found that there was no hope of completing the work and announcement was made that the hearing would be resumed in Chicago Thursday of next week. He said further that he expected to take his vacation Oct. 1 and told the attorneys that they might employ that time in making their briefs. This will be a big job as there have been four thousand pages of evidence taken already.

L. E. Fischer was on the stand again when the hearing was resumed Friday. Mr. Fischer continued the explanation of his method of reaching his estimate of the valuation of the Jacksonville property, which totals nearly a million dollars. Mr. Fischer added for overhead charges 11 per cent for lands and 20 per cent for all other items. He also added 25 per cent for a "going concern."

The method of the company in arriving at the valuation of the property called forth much argument by the attorneys. In discussing the financing of a public utility Mr. Fischer said there was a certain hazard connected with such things. He suggested that it might be possible for the city of Jacksonville to purchase electric power and sell it to consumers. He said that this would be detrimental to the value of the local property.

In his cross examination of Mr. Fischer, Attorney Stevens attacked his methods of arriving at the valuation of the property. It developed that Mr. Fischer's estimates differed from those of the engineers of the utility commission in that he figured a certain amount as a going concern which was not taken into consideration by the utility engineers. In the purchase of the McIntosh and Seymour engine which was purchased second hand from a Des Moines company Mr. Fischer figured it with installation at \$11,591 while the utility engineers figured the value at \$7,405.

Mr. Fischer's figures on the cost of the McIntosh and Seymour engine and installation are as follows:

Freight	412
hauling from cars to plant	500
cement for foundation	381
payroll expenditures	1,811
Miscellaneous expenditures	3,487
Total	\$ 6,591
Cost of machine	5,000
Total value	\$11,591

Mr. Stevens attacked these figures as showing excessive costs.

W. B. Miser who returned last night from Springfield where he had been attending the hearing said that the figures given out as being compiled by Engineer Little had never been placed before the commission in evidence. They were filed but have not yet been made a matter of record.

### TO OPEN SEWING SCHOOL

Miss Elizabeth Teeley announces the opening of her sewing school Sept. 15, 1915, at her home, 312 North Fairlie street. For particulars call at the above address or phone Ill. 50-1160.

### SPECIAL MEETINGS AT BEREA.

An interesting series of meetings have been going on for the past ten days in Berea church in the vicinity of Sinclair, and are in charge of Rev. C. G. Cantell the pastor, assisted by Rev. E. M. Norton, an evangelist. There will be an all-day meeting tomorrow with a basket dinner and the public is generally invited to attend the services and bring their basket dinner with them. The Sunday morning service will have as subject, "The Program of Jesus." The afternoon service at 2:30 o'clock will have as the subject, "Where did the devil come from?" The evening service will be devoted to a sermon upon the "Road to Heaven."

### BEST GRADE MIDDIE BLOUSES, TRIMMED IN FAST COLORS, ONLY 50c AT HERMAN'S.

### THE JEFFRIES BAND CONCERT SUNDAY AT NICHOLS PARK.

Attention is again called to the concert to be given by the Jeffries band at Nichols park Sunday at two p. m. The program has already been published and assures all who hear it that there will be some music of a superior order to be enjoyed. The band was never in better condition than it is today and its playing is of a superior order of merit.

### BROWN'S NIGHT SCHOOL.

Saves you time and money by giving the course in the shortest time consistent with the best results. If you are interested in preparing for office work, or if you wish to review the common branches our course will benefit you. Fall term opens Monday, Sept. 20, BROWN'S BUSINESS COLLEGE.

### SECURED \$75 POSITION.

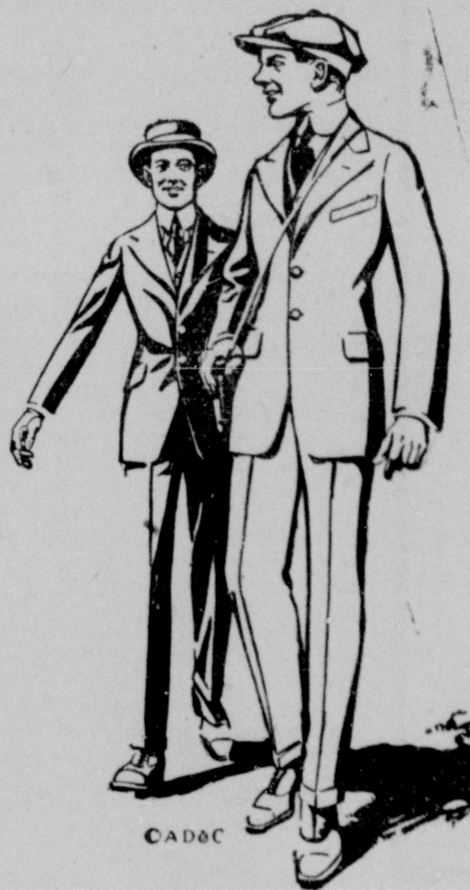

One of the young people here in Jacksonville enrolled in our night school last fall. That same young person has a position with the State Utilities commission at \$75.00 per month.

Call at our office and we will tell you who did this and how you can do as well.

Office open each evening, Brown's Business college.

Try CLAU'S Tea for Ice Tea.
